

STONE & THOMAS.

Weather Forecast for To-day—Rain.

S. & T.**rain coats****these for women and children**

Soft and pliable, with that silk finish which gives tone to the wearer—and all right in line with the prevailing military fad.

At all prices, of course, beginning at \$3.95 and ranging up to \$9.95.

The first named price—\$3.95—represents mackintoshes in black, brown and navy, with plaid linings, large military cape and velvet collar.

Those at \$7.90 and \$9.95 are of better quality and nicely silk lined. Have them in all lengths.

For the children—all sizes in navy blue, with large cape for \$2.48. Others in navy, brown or cardinal, with plaid lining, large military cape and velvet collar, \$3.95.

these for men

They look more like overcoats, and are just about as warm.

No appearance of rubber—but the rain-shedding properties are there just the same.

These are down to the minute-in style—they're Raglans, fashionable Oxford grays, with every seam double stitched and reinforced. Finished with guaranteed satin sleeve linings and in every way a perfectly made garment, the real value of which is \$12.50. Our price is \$9.95.

Then we have black and tan all wool double texture covert cloth mackintoshes—double breasted, box coat effects, with velvet collar. Made up with the same care as the higher priced coat. An extra special at \$6.95.

Black habit cloth mackintoshes, guaranteed in every respect, for \$4.95.

Boys' mackintoshes for \$2.48 and \$3.75.

umbrellas**these for everybody**

You've noticed the umbrella section—just to your left as you come in the store. Never was such a selection in the city.

Children's 24-inch school umbrellas, substantially made with steel rod, etc., 49c and 75c.

Twenty-six-inch English gloria umbrellas, wood handles, steel rod and paragon frame, 98c and \$1.25.

Twenty-six-inch piece dyed taffeta umbrellas, natural wood and mounted handles, steel rod and paragon frame, \$1.49 and \$1.98.

Twenty-eight-inch English gloria and piece dyed taffeta umbrellas, at 98c, \$1.25, \$1.49 and \$1.98.

THE STRIKE
AT MINGO
SETTLED

At a Conference Between National Steel Official and Amalgamated Men Held at

MINGO JUNCTION LAST NIGHT

The Reduction is Twenty-five Per Cent, But in Reality is No Reduction.

Yesterday at noon, at the Mingo Junction office of the National Steel Company, a conference was begun between Acting District Manager A. B. Carter, of Wheeling, representing the National Company, and Assistant Secretary M. F. Tighe, of Pittsburgh, and the second district board, representing the workmen, who are members of the Amalgamated Association of Iron, Steel & Tin Workers, relative to the wage differences between the company and the employes at its Mingo Junction plant.

The conference was of considerable length and the situation was discussed in all its phases and bearings. The company, it will be remembered, recently proposed to the men a reduction of 33 per cent in the wage scale, which the latter declined to accept, whereupon the mill was shut down. Since then the contending parties have been conferring almost daily, and each made concessions, but it was not until 6 o'clock last evening that they got together, and it was agreed that the scale would be cut 25 per cent. While this is a reduction in wages on its face, in reality there is no reduction, as the modern reconstruction of the mills made it possible for the workmen to get out a largely increased output.

The mills, it is announced, will go on again Thursday or Friday morning. The news that the differences have been satisfactorily adjusted will be received with satisfaction in Mingo Junction, which is entirely dependent for its prosperity upon the running of the big plant of the National there.

The Junction Iron Company, at Mingo, was consolidated in September, 1894, with the Laughlin and Junction Steel Company, of the same place, and called the Junction Iron and Steel Company. On July 7, 1897, this concern was consolidated with the Aetna-Standard Iron and Steel Company, of Bridgeport, O., and in May, 1899, all these plants were taken in by the National Steel Company.

During the past year the steel department at Mingo Junction was modernized and a number of labor-saving appliances were introduced, which almost doubled the output. In the steel plant the two five-ton Bessemer steel converters were changed to two ten-ton converters, and a new blooming mill was built. The entire plant was practically reconstructed. The company insists that it is unable to pay last year's scale, and also that the workers, by the new terms, will not suffer any loss in wages.

About 500 members of the Amalgamated Association are affected and altogether fully 2,000 men are employed at the plant.

TO-MORROW'S FIGHT

Is the Sole Topic of Conversation Among the Sports This Week. Smith Arrives From Louisville and Is in Fine Fettle.

The fight to-morrow night before the Metropolitan Athletic Club, at its Fulton arena, between "Mysterious Billy" Smith and "Mike" Donovan, the great welterweights, continues almost the sole topic of conversation among the Wheeling sports, and the indications are for a packed house. The preliminary will be started at or before 9 o'clock, between "Buzz" Auber, of this city, and "Kid" Whiteman, of Tiffin, Ohio, ten rounds to a decision, and immediately following will be the event of the evening, the twenty-round fight between Smith and Donovan at 145 pounds. The demand for tickets is unexpectedly heavy, many applications coming from Pittsburgh, Youngstown, Cleveland, Columbus and other near-by cities.

"Mysterious Billy" Smith arrived in town yesterday afternoon, accompanied by his manager and trainer, Prof. Jimmy Kelly, of New York, and is stopping at Bader & Maurer's. To-day and to-morrow he will do road work principally, with some indoor work at Oscar Gardner's gym on Market street. Smith is in fine fettle and expects to give a good account of himself to-morrow night.

Donovan will arrive from Pittsburgh to-morrow morning.
